Work Experience

Maître de conférences (associate professor)

September 2013 - present

Université Paris Cité

Institut de Mathématiques de Jussieu-Paris Rive Gauche

Post-Doc October 2012 - August 2013

École Normale Supérieure de Lyon

Post-Doc April 2012 - September 2012

Max Planck Institute for Mathematics, Bonn

Publications and preprints

- *p*-adic powers of the Gauss–Manin connection for Siegel modular forms. Joint work with Giovanni Rosso. In preparation.
- p-adic families of modular forms for Hodge type Shimura varieties. Submitted for publication.
- Overconvergent Eichler-Shimura isomorphisms for certain unitary groups. Joint work with Daniel Barrera Salazar. In preparation.
- Hida theory over some unitary Shimura varieties without ordinary locus. Joint work with Giovanni Rosso. arXiv:1711.05546. *Amer. J. Math. 143 (2021), no. 3, 715–751*.
- Eigenvarieties for non-cuspidal modular forms over certain PEL Shimura varieties. Joint work with Giovanni Rosso. arXiv:1605.05065. Submitted for publication.
- An Introduction to Perfectoid Spaces. Joint work with Fabrizio Andreatta, Olivier Brinon, Bruno Chiarellotto, Nicola Mazzari, Simone Panozzo, and Marco Seveso. *Panorama et Synthéses, no. 54, 2019.*
- Eigenvarieties for cuspforms over PEL type Shimura varieties with dense ordinary locus. Canadian Journal of Mathematics 68 (2016), no.6, 1227-1256. doi.org/10.4153/CJM-2015-052-2.
- Quaternionic modular forms of any weight. *Int. J. Number Theory 10 (2014), no. 31, 31-53. doi:10.1142/S1793042113500796*.

 p-adic modular forms of non-integral weight over Shimura curves. Compos. Math. 149 (2012), no. 1, 32-62, doi:10.1112/S0010437X12000449.

Scientific activities

Member of the ANR project COLOSS

2020 - 2024

Member of the ANR project PerCoLaTor

2015 - 2019

Organizer of the seminar *Groupes Réductifs et Formes Automorphes*, Institute de Mathématiques de Jussieu-Paris Rive Gauche September 2014 - June 2016

Organizer of the conference *Solstice 2014*, Université Paris 7

June 2014

- Referee for the Canadian Journal of Mathematics, International Journal of Number Theory, and Algebra & Number Theory
- Reviewer for MathSciNet
- Organizer of the workshop *Almost Xmas seminar*, Università degli Studi di Milano, Milan

December 2011

Seminars and Talks

• How to explain advanced mathematics to a computer Workshop Luxembourg Number Theory Day 2021

January 2020

University of Luxembourg

p-adic families of modular forms over Shimura varieties of Hodge type

January 2020

Workshop Jornada de Teoría de Números y Representaciones

Universidad de Santiago de Chile

• p-adic families of modular forms over Shimura varieties of Hodge type

May 2019

Conference *p-adic modular forms and p-adic L-functions*

Fondazione Alessandro Volta, Como - Italy

Hida theory over some Shimura varieties without ordinary locus

April 2019

Fourth one-day workshop in Cardedeu: p-adic arithmetic geometry

Universitat de Barcelona - Spain

Mini-course Katz *p*-adic modular forms

September 2017

Summer School on Modular Forms

Università di Padova - Italy

Eigenvarieties for non-cuspidal Siegel modular forms

September 2017

Summer School on Modular Forms

Università di Padova - Italy

Eigenvarieties for non-cuspidal Siegel modular forms

February 2017

Conference *p-adic methods for Galois representations and modular forms*

Universitat de Barcelona - Spain

Hida theory over some Shimura varieties without ordinary locus Number Theory Seminar

May 2016

Cambridge University - UK

Hida theory over some Shimura varieties without ordinary locus

April 2016

Arithmetic and Algebraic Geometry Seminar University of Amsterdam - The Netherlands

Eigenvarieties for non-cuspidal Siegel modular forms

March 2016

Québec-Vermont Number Theory Seminar

McGill University - Montreal, Canada

• Variété de Hecke pour formes de Siegel non cuspidales Séminaire d'Arithmetique	October 2015
Université de Lille - France	
• Famiglie <i>p</i> -adiche di forme modulari non cuspidali Conference of the UMI, the Italian Mathematical Society	September 2015
University of Siena - Italy	
Almost mathematics Summer school <i>Perfectoid spaces</i>	September 2015
Organized by the University of Padova - Brixen, Italy	
 Eigenvarieties for non-cuspidal Siegel modular forms Conference Journées arithmétiques à Lyon 	June 2015
ENS-Lyon - France	
 About the notion of p-adic family of modular forms Seminar Number Theory and Algebraic Geometry 	April 2015
KU Leuven - Belgium	
 Hida theory over some Shimura varieties without ordinary locus Number Theory Seminar at Johns Hopkins University 	March 2015
Johns Hopkins University - Baltimore, USA	
 Hida theory over some Shimura varieties without ordinary locus Seminar Automorphic Forms and Arithmetic 	December 2014
Columbia University - New York City, USA	
• Théorie de Hida pour certaines variétés de Shimura sans lieu ordinaire Séminaire de théorie des nombres de l'IMJ-PRG	November 2014
Institut de Mathématiques de Jussieu-Paris Rive Gauche - France	
 Hida theory over Shimura varieties without ordinary locus Conference p-adic methods in number theory 	October 2014
Università degli Studi di Milano - Italy	
• Families of overconvergent modular forms over Shimura varieties without ordinary locus Conference <i>p-adic aspects of modular forms</i> June 2014	
IISER - Pune, India	
 Familles des formes modulaires p-adiques et variétés de Hecke Séminaire MathJeunes 	January 2014
ENS Ulm - Paris, France	
 Autour d'une construction géométrique des variétés de Hecke Séminaire groupes réductifs et formes automorphes 	October 2013
Institut de Mathématiques de Jussieu-Paris Rive Gauche - France	
 About a geometric construction of eigenvarieties for Shimura variety o Summer number theory in Milan 	f PEL type June 2013
Università degli Studi di Milano - Italy	
 Variétés de Hecke pour certaines formes modulaires de type PEL Séminaire de théorie des nombres de Caen 	January 2013
Université de Caen Basse-Normandie - France	
 Hecke varieties for Shimura varieties with ordinary locus Conference Variétés de Shimura et formes modulaires p-adiques 	January 2013
Université Paris 13 - France	
 Strict O-modules and p-adic modular forms Oberseminar 	December 2012

University of Zürich - Switzerland	
• Strict <i>O</i> -modules and <i>p</i> -adic modular forms	November 2012
Séminaire de théorie des nombres	
Institut de Mathématiques de Bordeaux - France	
 p-adic modular forms of non-integral weight over Shimura curves London number theory seminar 	May 2012
Kings College - London, UK	
 p-adic modular forms of non-integral weight over Shimura curves Oberseminar 	May 2012
Max Planck Institute for Mathematics - Bonn, Germany	
 p-adic modular forms of non-integral weight Workshop Algebraic Geometry and related topics 	May 2012
Centro di Ricerca Matematica Ennio De Giorgi - Pisa, Italy	
Perfectoid fields and algebras Almost Xmas Seminar	December 2011
Università degli Studi di Milano - Italy	
 p-adic modular forms of non-integral weight Christmas Seminar 	December 2011
Università degli Studi di Milano - Italy	
• <i>p</i> -adic modular forms of non-integral weight over Shimura curves Seminario di teoria dei numeri	June 2010
Università degli Studi di Milano - Italy	

Education

Ph.D. in Mathematics March 2012

Università degli Studi di Milano

Thesis: p-adic families of modular forms over Shimura curves

Advisor: Fabrizio Andreatta

M.Sc. in Mathematics July 2008

Università degli Studi di Milano

Thesis: Galois cohomology via almost-etale extensions

Advisor: Fabrizio Andreatta

B.Sc. in Mathematics July 2006

Università degli Studi di Milano

Spazi di Banach e propriet`a di Radon-Nikodym

Advisor: Clemente Zanco

Teaching Experience

Université Paris Cité

• Teaching various courses as maître de conférences

September 2013 - present

Università degli Studi di Milano, Italy

Teaching assistant, Calculus III course

November 2008 - February 2009

March 2011 - July 2011
